

Incremental tower defense

Hold the last fortress against growing zombie hordes. Set your firing lines, call in air support and grow stronger with permanent upgrades. Take the world back, region by region.

Developer / publisher	Emberline Games
Platform	Windows PC - Steam
Release	Planned for 2027 - wishlist available now
Languages	17 interface/subtitle languages; English voice-over
Press / creators	emberlinegames1@gmail.com

Build. Defend. Recover. Upgrade.

- Position your weapons and shape their firing arcs to cover the approaching horde.
- Call in airstrikes, napalm and attack helicopters when the line is under pressure.
- Unlock permanent skill-tree upgrades and choose doctrine cards for each front.
- Send in the cleanup helicopter after battle to earn cash for your next defense.
- Reclaim 12 regions and adapt to changing weather, events and giant infected.
